OUTLINES.

Confidence in financial circles is rapidly becoming normal in New York, but the one difficulty is the lack of currency to move the cotton, wheat and meat products of the country to Europe; the National Banks, however, are adopting the suggestion of the Treasury Department to secure bonds and issue bank notes and many orders are already being made on the Treasury for issues of something like $30,000,000—New Orleans is badly in need of currency to move the cotton crop, and while local sales improved yesterday the export business is hampered, the plan of the New Orleans bankers to secure foreign exchange by cable has been disapproved by Secretary Cortelyou, but every effort will be made to relieve the situation——At Birmingham, Ala., the banks and the big industrial companies have arranged a plan to meet the pay rolls by cashiers' checks, owing to the scarcity of cash——The National Tobacco Association, in session at Shelbyville, Ky., yesterday unanimously adopted resolutions declaring against raising a crop of burley tobacco next year, as overproduction has so reduced prices that growers are fearing bankruptcy ——After being convicted of manslaughter in New York yesterday for aiding and abetting his wife's suicide J. Wardell confessed that they agreed to die together but after he killed his wife his heart failed him and he decided to live——When Harry Thaw's second trial begins in New York in December, it is denied that he will plead insanity——Acting in accordance with the court in New York, the case of the Metropolitan line to the Third Avenue Railroad was allowed to lapse so that the city railway combine can be broken up——In the races at New Market, England yesterday, Richard Croker's horse beat King Edwards and won the LeWhurst plate ——Mlle Ragozinnikova, the Russian girl who assassinated General Maximoffsky, October 28th, was hanged in St. Petersburg yesterday morning. ——Several men were killed in a battle a few days ago between United States troops and Indians in southern Utah, belief being that the Indians suffered the casualties——The mysterious disappearance of Raymond Hitchcock, the noted New York actor is exciting the metropolis; he was to have had a hearing yesterday under six indictments for assaulting and abducting young girls of from 12 to 15 years of age, but he failed to appear; some believe that he has fled while his friends express the belief that he has been abducted and murdered by blackmailers or has committed suicide——On account of the new prohibition law in Tennessee, more than 100 saloons at Nashville closed Wednesday night, and the last of 25 at Bristol went out of business last night——New York markets: Money on call in strong demand at 6 to 25 per cent., ruling rate 20, closing bid and offered at 3; spot cotton steady 10.90; flour steady but quiet; wheat easy, No. 2 red 1.07 elevator, No. 2 hard Winter nominal F. O. B. afloat; corn firm, No. 2, 70 elevator, No. 2 white 72 1-2; oats firm, mixed 52, natural white 54 to 56; turpentine easy 54 1-2; rosin steady.

It's all right for a man to "do things" but not to overdo things.

The man who builds a "spite fence" between himself and a neighbor is erecting a monument to his folly.

The "average man" would not view with alarm a considerable decline in the price of things that compose the constituent parts of grub.

Mr. John D. Rockefeller knows when to play golf and then quit when it comes time to play some $60,000,000 against the chances of a panic.

In a will case in Chicago on Tuesday it was proven that Mrs. Elizabeth L. Taylor worships an idol. The average woman worships a dummy or a lobster.

Two men in New York are having a law suit to decide the ownership of an automobile. It is presumed that the jury will decide for the one which pays for the repairs.

Taft? Where have we heard that name before? Oh, yes. He is that Secretary of War who went to the Philippines and left a Presidential boom that doesn't seem to be booming.

A fashion magazine says: "Women's skirts will be shorter this season." Huh! We knew before that women won't wear a skirt any longer than it takes to get a new one.

"Kicking is good exercise," says a medical journal. Of course. this has reference to the leg act and should not be misconstrued by the knocker who is always kicking with his mouth.

The Republicans now tell us that as soon as the 8,000,000 people of the Philippines are capable of ruling themselves it is the purpose of this Government to give them independence. What a wonderful change there has been in the Republican party which first bought the Philippine Islands and the Filipinos as a stroke of commercialism.

FIGHTS [illegible]PENDED

Senior Class Resolutions Will Put an End to Skirmishes at A. & M.

THE NEWS FROM RALEIGH

Several Orders by Corporation Commission—Eagles to Organize in Capital City—Another Telephone Company Chartered.

(Special Star Correspondence.)

Raleigh, N. C., October 31.—The Senior Class of the A. & M. College has adopted strong resolutions denouncing the combats permitted by the faculty between the Sophomore and the Freshmen classes, declaring them brutal and free-for-all fights. The resolutions are to the effect that these rushes have promoted ill feeling between the two classes; that they are detrimental to the reputation of the college; that there were men in the rushes who were inclined to take unfair advantage of others; that the practice is brutal and results in injuries to many. For these reasons, the Senior Class heartily disapproves the practice and pledges to use its influence to prevent them in future, hoping thereby to promote a more friendly spirit between the classes. Cadets Anthony and Wilson had their noses broken in the class fight yesterday, these being the most serious injuries sustained.

A commission was, issued today to Robert P. Hackney as captain of Company M, Third Regiment, Durham.

Governor Glenn honored a requisition today from the Governor of Pennsylvania for Richard McKwayne, now in jail at Charlotte. He is wanted in Pennsylvania to answer the charge of murder.

A charter is issued for the Southern Alamance Telephone Company., of Snow Camp, Alamance county, capital $5,000 by N. C. Stewart E. L. Dixon and others.

A letter today from Hon. C. H. Mebane, of the State Department of Education, to State Superintendent Joyner is to the effect that his daughter is improving steadily from a complicated case of appendicitis. There is strong hope now for her recovery.

A lodge of Eagles is assured for Raleigh more than sixty names of charter members having been enrolled last night at a preliminary meeting.

The corporation commission has issued an order for a union passenger station to be provided by the Seaboard Air Line and the Carolina and Northwestern companies at Lincolnton, the order being in pursuance of an agreement reached by petitioning citizens and the railroad companies.

The commission also issues an order for the Seaboard Air Line and the Atlantic Coast Line to provide a union station at Wadesboro. There is another order approving the condemnation proceedings at Thomasville for the Southern to construct a belt line to take in the manufacturing plants and handle the shipments of freight without hauling it through the centre of town.

Popular Prices Next Week.

The first popular price attraction of the season at the Academy of Music will be the King Dramatic Company all next week with the exception of Friday night when Mr. John Griffith will appear. On the opening Monday night ladies will be admitted free when accompanied by the holder of one paid admission reserved before 6 o'clock in the evening. The sale of seats begins Saturday morning at Plummer's.

Wilmington Loses a Wheel.

On her way up from Southport yesterday morning the steamer Wilmington lost her wheel and had to tie up at Fort Anderson until she could be towed to the city. The steamer Southport was on hand and took the run of her sister ship in the after noon.

Cargo for Havre, France.

The British steamer Inca, Capt. Cooper, was cleared last night by Messrs. Alexander Sprunt & Son for Havre, France, with the fourteenth cotton cargo from this port the present season. The cargo consists of 9,906 bales valued at $595.000.

Schooner Harry W. Haynes Arrives.

The schooner Harry W. Haynes arrived last night from New York and has a cargo of cement for Messrs. Roger Moore's Sons & Co. The vessel is consigned to C. D. Maffitt, and will begin discharging today.

WATERWAY CONVENTION

Indications Point to Large and Representative Attendance Tuesday. Gen. Carr Coming—Mr. Fox Goes to Savannah.

As the date approaches, Mr. Jas. H. Chadbourn, chairman of the Wilmington Chamber of Commerce Committee which has the matter in hand, is more and more encouraged to believe that the forthcoming waterway convention in this city is going to be largely attended next Tuesday. A letter was received yesterday from General Julian S. Carr, one of the State's leading business men, stating that he would come and several commercial organizations over the State notified Mr. Chadbourn by letter that they would each have a delegation here for the meeting. As previously announced, Senator Overman, Governor Glenn and a majority of the North Carolina delegation in Congress will be here for the convention, and great things are expected to grow out of the branch of the National Rivers and Harbors Congress that will be organized at that time.

Mr. Chadbourn yesterday received a telegram from Mr. John A. Fox, who is travelling in the State in the interest of the project, stating that he regretted that he would be unable to fill the Newbern appointment, as he had been called to Savannah on an important engagement. He will return to Wilmington on Monday, however, and will be here for the conference on Tuesday. The meeting will be called to order in the United States Court Room in the postoffice building at 10:30 A. M. It is expected that the business men of Wilmington will attend in large numbers. Other commercial bodies in the State and the newspapers have manifested a lively interest in the project and it is as little as Wilmington business men can do to attend in large numbers.

LAST NIGHT HALLOWE'EN

Many Little Pleasures Incident to Ancient Holiday.

The Hallowe'en season in Wilmington, immediately preceding All Saints Day, an occasion of ever interest to the young people is here and is being appropriately observed by those versed in the lore of the ancient and honorable institution. Last night there were many Hallowe'en parties and the proverbial mystery reputed to veil things seen and unseen on this holiday was much enjoyed by young as well as old.

One of the marked features of the Hallowe'en period in Wilmington will be a very elaborate party to be given this afternoon and evening by George Davis Chapter, Children of the Confederacy, unique invitations to which have been sent out requesting all guests to come to the house upon which will be displayed the "Sign of the Black Cat." The Confederate Veterans and United Daughters of the Confederacy have been especially invited both for the afternoon and evening and the number of guests will be large. There will be witches and spooks galore; there will be a wheel of fortune which will reveal past and present at the deft turn of a witch in weird costume; there will be a tent in which three others from the unseen realm will dwell and the cauldron will bubble, whether toil and trouble or fortune and favor remains for the visitor to call and see. A witch will tell the story of the old woman and the black cat and there will be many other human interest things to please and entertain all who will come at the invitation of the children.

FAREWELL SURPRISE

Clipping From Illinois Paper in Regard to New Resident.

The following clipping from a Galesburg, Illinois, paper will be read with interest by friends of Miss Birdie Miles, who recently removed to Wilmington with her parents, Mr. and Mrs. C. Mattingly, and are residing on South Front street:

"Miss Birdie Miles was the victim of a pleasant surprise last evening when about a dozen couples of young people assembled at her rooms on North Chambers street. A merry evening was spent in an informal social fashion, music and games being furnished in abundance. Several piano selections by Miss Josephine Luckey were very much enjoyed. Miss Lottie Shotliff, in behalf of those present, presented Miss Miles with a beautiful ring as a token of the esteem in which she will be held long after her departure, which will be in a few days. Present from outside the city were Messrs. Robert Torrance and John Mason, of Monmouth. An excellent three-course supper was served during the evening."

Another account is of a banquet given in honor of Miss Miles by a number of friends in Spake's elegant banquet hall, covers having been laid for twenty, each guest having responded to a toast in honor of Miss Miles. Miss Miles was the recipient of a handsome pin set with pearls as a token of the esteem by which she was held by her girl friends assembled on the festive occasion.

A strong, healthy colored man, between 20 and 30 years of age, may secure employment by making application at the Star office. Must give good recommendations as to habits and general character. tf

THE WATER PLANT

Arrangements For Transfer of Property to City Will Be Completed This Morning.

DETAILS BEING AGREED ON

Another Conference This Morning and Meeting of Stockholders of the Company at Noon—Commission Resting on Its Oars.

While the company will not be prepared first thing this morning, November 1st, to turn over the property of the Clarendon Water Works to the city under the terms of the recent purchase, it is expected that some time during the day all the details of the transaction will have been completed and the plant will be put in the active charge of the commission appointed this week to operate the same as a municipal property. This slight delay in taking over the property is no fault of the city, as the officials on the part of the municipality have been extremely busy during the past several days arranging everything to meet the conditions imposed by the company with reference to a transfer of the property on the first, and it is rather a disappointment to them that everything could not be closed up yesterday evening.

Power of attorney for certain of the stockholders not just now in the city had to be written for after the agreement was reached and these papers will not reach the city until the arrival of the morning train from the north at 10 o'clock today. The stockholders of the water company will meet at noon, the papers will all be signed up and the transfer made. When this is accomplished finally and the $10,000 in cash and notes are delivered, the water commission will take hold and will be in active charge in the future. The passing of the property will take place some time this afternoon unless something unforseen takes place. There was a rumor of threatened injunction proceedings [illegible] attorneys for the plaintiffs in the pending damage suits yesterday afternoon but this soon blew over when it was ascertained that the city and the pending litigation was going to be fully taken care of in the negotiations between the city and company.

City Attorney Marsden Bellamy, Jr., has passed the title to the property and the papers are all drawn with the exception of agreement on certain details of the transaction which will be concluded at a conference of the Mayor, the City Attorney and representatives of the water company this morning at 9:30 o'clock Then the papers go to the stockholders of the company and everything will be signed up. The money to finance the deal has been secured and there will be no trouble on this score, it is stated. The Mayor, however, who has to affix his signature to all the papers in behalf of the city, desires not to act with undue haste and is seeing to it that everything is fully understood beforehand.

The Water and Sewerage Commission, of course, has nothing to do more than in a general way until the plant is officially turned over. Their friends are indulging in some pleasantries at their expense and not a few have registered complaints already, but the Commission is composed of men well able to stand for the witticisms of their friends and are enjoying the situation while the other fellows are knitting their brows and pondering over the details of the purchase.

As yet nothing has been said about the sewerage system. It is stated that this matter may not be taken up for several months. The purchase of the present plant is not now being considered.

Funeral of Mrs. Farrow.

In the presence of a large assemblage of friends at 3 o'clock yesterday afternoon from the late residence, No. 3 Queen street, impressive funeral services were conducted over the remains of Mrs. Martha J. Farrow, who passed away Wednesday morning after a long illness in the James Walker Memorial Hospital. The services were by the Rev. Thomas P. Noe, rector of the Church of the Good Shepherd and were very impressive indeed. The remains were tenderly laid to rest beneath a mound of beautiful flowers in Bellevue cemetery, the pall-bearers having been Messrs. T. G. Landen, W. F. F. Newton, James H. Burriss, W. C. Moore, Duncan Brown and J. J. Moore.

Dr. McClure at Home.

Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, and family are now at home at 117 North Third street until the new manse is erected for them on the church property at Fourth and Campbell streets. They have been living temporarily at Fifth and Orange streets.

Case fo Disease.

Mr. J. W. Reaves, No. 418 Bladen street, was quarantined at his home yesterday for smallpox. Quarantined with him are his wife and one child. While the disease in the case of Mr. Reaves is not in malignant form, it is said to be well developed.

BIG CUMBERLAND FAIR

Great Crowds in Attendance—Congressman Kitchin Spoke Yesterday—Racing Events and Parade—Street Railway.

Visitors returning last night from Fayetteville speak in the most enthusiastic terms of the success of the Cumberland County Fair, which is in progress there this week, and which is being attended by thousands. For the first time on Fair Week in forty years, it is said, the weather is clear and most ideal for an occasion of the kind.

Yesterday morning, following a magnificent civic parade on Wednesday, there was another splendid pageant from the downtown sections to the Fair Grounds, this being composed of the Holt-Morgan Band, municipal and county officials, blue ribbon stock, floats of every kind, etc. The exhibits are said to be the best in years and a reminder of the old Cumberland Fair of years gone by. The racing is good and is being well attended by horsemen from all over the State. The midway is said to be clean and wholesome, and President Williamson and Secretary Tillinghast are being highly commended for the work they have done.

Yesterday a feature of the day was an address by Congressman W. W. Kitchin, who was introduced by Maj. E. J. Hale. It is stated that he made no reference to his candidacy for gubernatorial honors. The speaking took place at the Fair grounds at 12:30 o'clock and is said to have been rather more conservative than his speeches further up the State earlier in the campaign, though he dealt the trusts and unlawful combinations of wealth some severe thrusts. His subject was Monopolies and he is said to have treated the theme with a master hand. The Observer yesterday afternoon gives the following account of the awards in the racing and the parade:

School floats, Eastover, first prize; Manchester second; Stedman third.

Business Floats, S. Sheetz & Sons, first prize; Martin-McKethan Co., second; Fayetteville Gas & Electric Co., third.

Turnouts, Miss Eliza McArthur, accompanied by Miss Janie McKethan, first prize, Mrs. W. T. Bowen, second.

Pony turnout, Miss Elizabeth Holt, accompanied by Miss Margaret Broadfoot, first prize.

Burlesque float, Breece & Talbot.

Handsomest decorated turnout, Mrs. Hunter G. Smith, accompanied by Mrs. J. B. Underwood, Jr.

The Day's Racing.

2:21 Class, Trot—Paul L., Palmer, won in three straight heats; New York Lady, Haight, came 2. 3. 3.; Buster Brown, Wheeler, came 4. 2. 2.; Hazlett's Dillon, came 3. 4. 4.

2:18 Class, Pace—Dan Wilkes, Marvin, won first two heats straight; Jay Medium, Palmer, came 2 2 and Sunlight, Haight, 3. 3.; unfinished.

2:27 Class, Pace—Radio D. won first heat; Carrie Woodnut came second and W. H. Corbett third.

The Observer further says in its accounts of the Fair:

The Fayetteville Street Railway Company, of which W. D. McNeill is president, is to be congratulated on the success of its enterprise so far; but, still more, on the admirable management of the line. It is a great thing for Fayetteville, this line; especially is it a vertitable boon just at this time. On Tuesday the line transported over 1,200 passengers; yesterday over 2,000; it will doubtless exceed this today. "

"RED SAUNDERS."

Star Will Begin Printing New Story Serially Next Sunday.

The Morning Star will begin printing serially next Sunday the story of that celebrated cow puncher, sometimes miner and later peaceful citizen, Red Saunders. The story is most charmingly told by Henry Wallace Phillips and glimpses of Red Saunders have been had by the casual reader in the magazines from time to time. The humor in the story is strong and the reader follows Saunders through some hair-raising adventures with Indians, jolly experiences on the ranch and his lucky hit in placer mining until he turned up one bright morning in his native New England village with his pockets full of money and everybody glad to see him. The hero has the elements of true manhood in him and the story is not one of the ordinary wild and woolly sort. It has a delightful ending and a reading of the story from Sunday to Sunday will prove an interesting quest for those who care to take the trouble. It will run for about six weeks and will be well worth the while of everyone.

HARBOR MASTER'S REPORT

Shipping During October Was Well Up to Standard—Tonnage.

The monthly report of Capt. Edgar D. Williams, harbor master, shows arrivals of 31 vessels of 90 tons and over at the port of Wilmington during October. This compares very favorably with the same month last season. The shipping in October this year consisted of 21 American craft and ten foreign. The American vessels were 10 steamers of 11,358 tons; one barque of 348 tons; two barges of 787 tons, and eight schooners of 3,633 tons, the total tonnage of American bottoms having been 16,126. The foreign ships consisted of ten steamers of 23,235 tons, making a grand total tonnage of 39,361.

APPEAL TO GOVERNOR

Wilmington Business Men Telegraph North Carolina's Chief Executive at Atlanta.

WANT CONFIDENCE RESTORED

Faith in Their Ability, With Abundant Resources, to Cope With Unsettled Conditions Everywhere. Memorial by Telegraph.

Expressing unbounded faith in their ability to in a large measure restore confidence by an equitable adjustment of the railway rate controversy which they are called to consider at a conference now being held in Atlanta, Ga., Governor Glenn and his conferees composed of three other governors from Southern States were yesterday memorialized by fifty or more leading merchants, manufacturers and Wilmington business men generally to act in their deliberations with wisdom and as patriots and statesmen, who have deeply at heart the well being of the whole people. The memorial took the form of a telegram to Governor Glenn, and through him to his conferees at Atlanta, the message having been forwarded to him by Western Union last night in the following language:

"Gov. R. B. Glenn and Conferees, Governors' Conference, Atlanta, Ga.,

"Southern crops are plentiful, and Southern commercial and industrial conditions never intrinsically sounder. Agitation has ruthlessly depressed values, causing congestion and inability to move crops with expedition. Restoration of confidence essential for the South to realize full values for its great products. We believe it is in the power of the Conference to restore confidence, in a great measure, by an equitable adjustment of the rate controversy. The South can save the situation by wise action at this juncture. You are appealed to as patriots and statesmen who have deeply at heart the well being of the whole people.

"Signed—J. A. Taylor, Jas. H. Chadbourn, H. C. McQueen, Wm. Calder, Jno. S. Armstrong, The Worth Company, Hugh MacRae & Company, The Cape Fear Lumber Company, Chadbourn Sash. Door & Lumber Company, Alexander Sprunt & Sons, McNair & Pearsall, Geo R. French & Sons, Smith & Gilchrist, Walker Taylor, Hall & Pearsall, Herbert McClammy, C. N. Evans, Jos. H. Watters, Morris Bear & Bros., M. J. Heyer, C. P. Bolles & Co., J. Victor Grainger, Chas. E. Taylor, Jos. W. Yates, The Corbett Co., I. M. Bear & Co., Hilton Lumber Co., Samuel Bear, Sr., & Sons, F. W. Dick, Brooks & Taylor, James I. Metts & Sons, J. C. Stevenson Company, J. A. Springer, W. E. Springer & Company, Independent Ice Company, Stone & Company, S. P. McNair, M. W. Divine & Co., Boney & Harper Company, and many others."

While it was pointed out by several of the business men who thus memorialized the Governor and his conferees that the passenger rate controversy per se was not of so much moment, it is the attitude of those in power toward corporations as reflected in this rate litigation which has so depressed values and rendered the country in such unsettled condition as regards finances. Restoration of confidence is regarded as essential for the South to realize full values for its great products, which have already been a strong factor in relieving the pressure North. As the memorial sets forth, the South can save the situation by wise action at this juncture and the Governors assembled to arrange this important index of the public feeling are called upon to dispose of the matter in a way that will reflect credit upon themselves and the people whom they represent.

WORK IS SUSPENDED.

One Thousand Men Laid Off at Blewett Falls, N. C.

The following from the Hamlet correspondence of yesterday's Charlotte Observer will be read with local interest:

"Hamlet and this section are feeling keenly the results of the panic in New York last week. The Rockingham Power Company, which is buildings the dam across the river at Blewett Falls, and which was getting its capital through the Knickerbocker Trust Company, was compelled to suspend operation because of the failure of that company. About one thousand men were laid off. It is believed that the suspension is only temporary, and that in a few days Mr. Bonsal, the contractor, will be able to resume work. The suspension of work at the falls means a great deal for this section as the pay-roll there amounted to something like $40,000 per month, and nearly all of this amount circulated in this section."

St. Mary's Founder's Day.

Alumnae of St. Mary's School at Raleigh will assemble directly after the 11 o'clock service at St. James' this morning for the purpose of observing the 65th anniversary of their alma mater, or Founder's Day, as it is called. All alumnae of the school and all others interested in St. Mary's are invited to be present and participate in the exercises.

WHO TURNED ON THE LIGHT?

In his Nashville speech President Roosevelt resented the charge that he had brought on the panic and in discussing the troubles of "high finance" he said in self-defense:

"All we have done has been to unearth the wrong-doing. It was not the fact that it was unearthed that did the damage. All that I did was to turn on the light, but I am not responsible for what the light showed."

The New Orleans States thinks President Roosevelt takes too much credit to himself for "turning on the light." The States says:

"A great many persons, no doubt, will search their memories in vain to discover on what has the President turned the light, or the wrongdoing he has unearthed which has done the damage in the financial world. A brief retrospection we think is sufficient to convince the country that a quarrel among the magnates of the Equitable Life Insurance Company enabled the newspapers to turn on the light of publicity and reveal some of the startling transactions of frenzied finance. What the newspapers disclosed forced the New York Legislature to order the insurance investigation."

There are a whole lot of instances in which neither the President nor any branch of his cabinet can claim the credit for illuminating trickery, corruption and rascality. Ida M. Tarbell beat him to the Standard Oil discoveries. However, scores of things could be mentioned where credit belongs to such men as Governor Folk, of Missouri, and to the press of the country. For another thing the President had nothing to do with revealing the corruption which existed in the great insurance companies nor did he have anything to do with the New York Public Service Commission's turning the light on the Metropolitan Traction rascality, for again the newspapers were the chief agents in disclosing those hidden things.

President Roosevelt deserves credit for enforcing the laws in many respects, but some of his methods were calculated in instances to do more harm than good. We remarked here tofore that while New York was in the throes of a great financial trouble, the President said many ill-advised things in his speech and gave utterance to uncalled for expressions not a bit calculated to help the situation. On the contrary some of his declarations aggravated things. The President has the unfortunate faculty of being both right and wrong in a great many things.

We quite agree with our esteemed New Orleans contemporary that all facts considered, the President claims more credit than he is entitled to for unearthing wrongdoing. Others were in the field who had done some effective work before he put in an appearance.

The newspapers of the country have been a powerful factor in turning on the light and arousing public sentiment against conditions which if let alone would undermine our Republic more effectively than ten Secessions.

P. S.—The newspapers have done a lot of praiseworthy things, and also many unwise things.

PEOPLE OF WILMINGTON JOIN TOGETHER.

The Eastern Carolina News, of Kenansville, takes the above for the subject of an editorial, and says in it several things that will be appreciated by Wilmingtonians. The News says:

"Wilmington is waking up to the demands of the times. We hear it on every hand that the city by the sea is going forward in all good things. The Chamber of Commerce, the board of city council, the mayor and the business men of Wilmington are putting their shoulder to the wheel as never before. The reusults of this wise course are already being seen. Every day the Eastern Carolina News reads with real pleasure of the general prosperity down there, of the increase in population to 33,000, of its fine railroad and steamboat facilities, and of the many movements now on foot to carry hitherto pigeon-holed propositions for the general growth and financial upbuilding of Wilmington and Eastern Carolina at large.

"The deepening of the channel and the every development of the proposed plans, will enhance the property of the city and whole country, and have at the same time a powerful influence for North Carolina's future.

"Since writing the above we see that Mr. John A. Fox, Special Director of the National Rivers and Harbors Congress, is now in Wilmington in the interest of the proposed plan of the thirty-foot channel for the Cape Fear river from the city to the bar. He is there to co-operate with the Chamber of Commerce and to awaken interest throughout the State in the general proposition of waterway development in our Union. Mr. Fox speaks enthusiastically of this section's benefits from the rivers and harbors improvement by the United States government. He says the South is just now awakening, and in the next ten years will see a most wonderful progress made. Mr. Fox also stated that with the 30-foot channel there is no reason why this section should not prosper most abundantly. He believes that before long the Government will appropriate $50,000,000 annually for the contemplated projects now before the Federal Congress. The Panama Canal will be finished in about ten years and our improved waterways will certainly act as auxiliaries. We shall watch with interest the outcome of Mr. Fox's visit to Wilmington, for he is in a position to do untold good to our eastern section, while he will of course, advance at the same time the transportation facilities of all States that have the natural waterway advantages."

We are glad that the News is impressed by the united efforts of our people to do something for their city. It should be observed that when we stick together for the good of Wilmington it makes a good impression abroad. It helps to advertise our city. Let's have more of that union of spirits and united effort which shows we are doing something in North Carolina's seaport.

It would be a good thing for all the editors of the State to be here next Tuesday to attend that State meeting which Mr. Fox has worked up in the interest of waterway and harbor improvements.

REASON NOT GOOD ENOUGH.

The Norfolk Virginian-Pilot says of President Roosevelt's main reason why he will not stand for it to be sent to the Senate after his term expires:

"The reasons advanced by Mr. Roosevelt why an ex-President should not occupy a seat in the Senate do not seem cogent. Why should not a person who has been President criticize or condemn the policies of his successor? If there be any valid reason we fail to see it. Some very strong objections might be adduced against Mr. Roosevelt's going to the Senate, but the one he urges is not convincing."

In the Senate, Ex-President Roosevelt would be in a position to help the then White House incumbent to keep from making some mistakes that he has made. We confess, however, that it would be disagreeable for an Ex-President to sit where he could hear Senatorial knockers lugging in every now and then some of his own record for purposes of criticism and with motives of devilment.

—With gold pouring in from London, wheat and corn pouring in from the West and cotton pouring in from the South, the Wall Street riggers are going to have a hard time shaking confidence.—Savananh News.

—Wall Street and the North might have suffered from the recent financial panic, but down this way nobody was worried. The Raleigh banks have plenty of money and there is not an uneasy depositor in the whole city.—Raleigh Evening Times.

—American girls have been warned that "Count Nicholas Savine de Toulouse-Lautrec," who is on his way to this country, is a fraud. Naturally, he will be looked down upon by other counts who are in the same class, but have been able to conceal the fact.—Washington Post.

—The significant feature of the panic has been the undisturbed condition of Southern banks. The South has regarded the crashing of the big financial institutions of the East from the standpoint of the traditional onlooker in Vienna. In short, the South has been interested, but content. There is no hysteria in this section. Our people have that confidence in the banks which New York has seemingly lacked. They have been content to let their money alone, because they know that our banking institutions are run on sound and conservative lines. The bankers of the South are not gamblers, and they are not using their banks as pawns in the game of speculation.—Memphis Commercial-Appeal.

—It has been held by scientists that the geographical formation of Anson, Stanly and the lower section of Cabarrus county, gives all indications that it is an oil bearing section. A few days ago an "oil well" was discovered in Mount Pleasant, but the discovery has created nothing other than local interest. There has been no rush of prospectors, not even sufficient interest has been aroused to cause anybody to make an investigation. A Mount Pleasant correspondent of The Concord Tribune declares that the oil well is a reality. The oil was discovered in the water from a well at the home of Professor Fisher. The correspondent says: "If you are inclined to disbelieve your own eyes when you see the oil on the water, just go down into the well, look on the wall on the east side of the well a short distance from the bottom and you will have the pleasure of seeing the oil coming in. The water enters the well at the bottom by two veins, from the north and northwest."—Charlotte Chronicle.

—Winston-Salem, Oct. 30.—The stockholders of the Wachovia Loan and Trust Company, which operates a chain of banks in this State, held a meeting in the home office of the company at 10 o'clock this morning for the purpose of authorizing an increase of the stock of the company from $600,000 to $1,000,000, which will put the company in the class with the largest and the strongest financial institutions in the South. The time and amount of each increased issue is to be determined by the board of directors, the price also to be fixed by the board at the time each is decided upon.

DRAKES
PALMETTO
COMPOUND

Beware of the distress signals such as nervousness, weaknesses, palpitation or irregular beating of the heart, indigestion, dizziness, tired sluggish feeling, soreness in the back, shoulders, side, etc. If you have

STOMACH, KIDNEY or LIVER

troubles of any kind whatsoever this remedy will cure you and you don't have to take it for months or weeks either before you get relief; three days treatment is usually enough to show results.

We guarantee every bottle; if it fails to cure take the empty bottle back to your druggist and get your money.

Catarrh. After using the trial bottle of Drake's Palmetto I purchased two large bottles. I am now well of the complaint of catarrh. I can say it will cure. C. T. Gardner, Louisville, Ky.

Stomach Trouble. I have suffered for ten years with stomach trouble, causing a constant headache which has been cured by Drake's Palmetto. Mrs. G. R. Herndon, 309 W. 45th Street, Chicago.

Kidney and Bowel Trouble. My little three-year-old daughter has had kidney and bowel trouble for two years. I have tried several different kinds of medicines for her and have never found anything to do her as much good as Drake's Palmetto. She is well now and is as fat and healthy looking as any little girl I ever saw. Mrs. Roger Lewis, Simpsonville, Ky.

At all druggists; two sizes, 50 cents and $1.00. The Drake Co., Wheeling, W. Va.

ANNOUNCEMENT

Many of my customers do not know of the general satisfaction I am giving with house sign painting and decorating. I have not advertised extensively because I wished that branch of work to grow silently based on its own merits, and it has done so.

Beginnig some eight years ago in your city I have quietly gone on until I believe that no shop in the south does work as completely.

Care for details, nicety of color perception, love of the business, regard for your interest. These are points that have given me an unique place in the painting and decorating business, and am at your service when you want this class of work done.

I am not connected with W. G. Hatch & Co., and when in want of anything in my line see me personally or call 'phones 808 or 136.

and of course it looks different to us, I suppose, but I know when I was a child things were different. The dresses are so light and flimsy; the boys don't wear rubbers; they don't seem to care and the parents it seems to me are not as particular about the health of the little ones. Of course I know that Croup and Colds and Pneumonia don't stand the show they used to stand before Gowan's Pneumonia Cure came on the market, but parents should be more careful. By the way, that Gowan's Pneumonia Cure is a marvel. John had croup the other night and we just rubbed him once good and hard with Gowan's and he was as bright as a dollar next day—and they tell me that for Appendicitis it scatters the congestion and saves an operation. It is wonderful what it will do. My husband is always asking if I am sure there is plenty of it on hand. He just wouldn't be without it. It costs fifty cents and a dollar, we get the big bottle because we know it is money well invested. All send love.

Sincerely,
MARTHA.

As an Incentive to Save

what could be more persuasive than a pretty woman—a fiancee, for instance? Women are pretty good savers themselves, at times, and they appreciate the man who provides for future rainy days by saving when the sun shines. This is probably a hint to YOU. If you are not now saving, get the habit. Our Bank affords you every facility and offers you every inducement.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

FUSION TICKET TO BE KNIFED

Many New York Republicans Disgusted With Coalition With Hearst. Tammany Leader Declares He Will Snow Fusion Under.

(The Washington Post.)

New York, Oct. 29.—Charles F. Murphy, leader of Tammany Hall, said tonight that the Hearst-Parsons Fusion county ticket would be so badly beaten next Tuesday that William R. Hearst would afterward cease to be a political factor in this city.

Murphy and the other big Tammany leaders are particularly incensed against Hearst because of the attacks he has made on them. Murphy, believing that his ticket will win, has decided to work up as lively a campaign as is possible in the remaining few days before election.

He came in from his country home on Long Island this afternoon, and summoning the district leaders to the wigwam, ordered them to make things hum from now on until election day. At least two mass meetings will be held within the next few days, and about a dozen theaters have already been engaged in which meetings will be simultaneously held on Sunday night.

Murphy frankly admitted tonight that he felt personally vindictive toward Hearst because of the attacks in the Hearst papers on the Tammany candidates, particularly on Tom Foley, nominee for sheriff, "and," he added, "I am going to snow under Hearst and Max Ihmsen so deeply that both will probably be politically buried forever."

Herbert Parsons, chairman of the Republican county committee, and who is acknowledged to be the spokesman in this city of President Roosevelt, has a great deal at stake. At the last primaries the Odell-Quigg faction of the Republican party made no attempt to fight him for the reason that at that time there was no prospect of their materially reducing the number of Republican district leaders who were with Mr. Parsons. That, however, was before the Parsons coalition with Hearst. That alliance has turned many conservative Republicans away from Parsons.

William Halpin, the Republican leader of the Seventh district, and ex-Governor Odell's representative here, said tonight: "There will be a great deal of knifing of the fusion ticket by the Republicans next Tuesday, and this knifing will be done purely because the old-time Republicans are disgusted that their party should have been dragged into an alliance with the Hearst gang and because of their belief that by helping to defeat the fusion ticket they will be aiding the movement, which will be started immediately after election, for the deposing of Parsons from the chairmanship of the county committee."

Tom Foley's friends announced at his headquarters in the Hotel Bartholdi today that a pool of $60,000 had been raised to wager on the Tammany shrievalty candidate. Half of this is looking for a chance to go down at 5 to 1 that Foley will win, while the other half will be staked at even money that Foley has a plurality of 40,000.

At the Hoffman House "Charlie" Mahoney reports the dullest betting season he has ever passed through. "The odds," he says, "are 8 to 1 in favor of Foley, and nobody's going to put up money on odds like that."

A few wagers are reported here and there. Jack Bennett, the horseman, has wagered with Wallace J. Skinner $10,000 to $2,500 that Foley will win and $3,000 even that Foley will have a plurality of 50,000, and M. Mayer has bet $5,000 against $1,250 with Harry Vingut that Foley will win. Ex-Senator F. M. Marshall has bet Sol Newman $2,000 against $5,000 that Foley is not elected: Major Farley, of Corning, N. Y., has made a bet with John Wilson Grey of $6,200 to $1,500 that Foley is elected.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at R. R. Belalmy's drug store.

PERSONAL PARAGRAPHS.

—Mr. Percy Wells, of the firm of Howard & Wells, is spending this week at the South Carolina State Fair at Columbia, S. C.

—Miss Ethel Cheek left yesterday morning for Roxboro and Durham, N. C., where she will be the guest of relatives and friends.

—Miss Julia E. McLaurin left yesterday to visit friends in Atlanta. Many Wilmington friends hope for her early return to Wilmington.

—Mr. Joseph F. Leitner, of the firm of Leitner & Wilkins, architects, returned yesterday from Jacksonville, Fla., where he spent some days on a professional visit.

—Road Superintendent Herbert Hocutt, who has been quite sick in the hospital was sufficiently recovered yesterday as to be able to leave on the evening train for Rocky Point where he will spend a few days in rest and recuperation at his old home.

—A telegram from Jacksonville, Fla., yesterday afternoon reports the condition of Captain S. W. Skinner as much improved. Mr. Louis H. Skinner, who went to Jacksonville to be with his father, was expected home on the late train from the south last night.

—Colonel and Mrs. John D. Taylor have gone to Richmond where they will spend two weeks or longer as guests of their daughter, Mrs. C. E. Borden at 514 West Franklin street. Many friends in Wilmington hope that their sojourn in Richmond will be much enjoyed.

OVER TWELVE PER CENT.

Increase in Postoffice Receipts for Month of October.

At the close of business at the Wilmington postoffice last night for the month of October just ended, the receipts were shown to be $9,449.98 against $8,400.67 same month in the year 1906. This is an increase of $1,049.31 over the same month last year or about 12 1-2 per cent. The figures are official and come from Postmaster Wallace, who has the accounting of the Wilmington postoffice in such condition that the receipts are at once available within an hour after the close of the day's business and they are always reliable. October is the first month in the quarter and there is every reason to believe that the ratio of increase will be maintained until the first of the new year. The figures show that the business of the city continues to increase and that all affairs which must necessarily be reflected in the postoffice figures are in excellent condition.

VETERANS ARE INVITED.

Children of Confederacy Want Them at Hallowe'en Party.

Commander Metts has received in behalf of his comrades of Cape Fear Camp No. 254, United Confederate Veterans, a cordial invitation from George Davis Chapter, Children of the Confederacy, to attend the Hallowe'en party to be given by them this afternoon and evening at the Wilmington Light Infantry armory. The invitation is couched in the following unique language:

"Ye Children of ye Confederacy invite ye Confederate Veterans to come to ye house of ye Sign of ye Black Cat, November 1st, 1907, from 4 to 6 o'clock and from 8 to 10 o'clock."

Commander Metts says that he has no idea what the little folks have in store for them, but he would be glad all the old soldiers would be present and give the children every encouragement in their laudable work.

WHEN THE SYSTEM WAS LAID.

Interesting Clipping From Morning Star Twenty-Six Years Ago.

Apropos the taking over of the waterworks system of Wilmington by the city today, Capt. T. D. Meares, clerk of the Board of Audit and Finance, yesterday gave a representative of this paper an interesting clipping from the edition of The Star of April 20th, 1881, more than twenty-five years ago. This will be read with interest as follows:

"The work of laying the pipe for the Water Works was commenced yesterday, ground being broken at the intersection of Market and Front streets, and the first pipe being sank in the centre of Market in the direction of Water street. There was such a crowd around the workmen during the day that the police had to be called upon for protection. It is understood that operations will have to be suspended during the warm months commencing with the first of May."

—The British steamer Inca, Captain. Cooper, cleared last night for Havre, France, with the fourteenth cargo of cotton from Wilmington this season. The vessel and cargo are by Messrs. Alexander Sprunt & Son. Only three steamers now remain in port for cotton cargoes but other arrivals are expected during the week.

CLEAN AND WHOLESOME.

"Peaceful Valley" as it Will Be Witnessed Tomorrow Night.

A clean, wholesome play with scenes laid in a clean, wholesome community—such is "Peaceful Valley," easily the best of all the plays depicting country life in the United States. It breathes of the very soil of New England and the character drawing of Mr. Kidder, the author, is masterly. His characters are not the ordinary lay figures of the conventional drama togged out in new raiment and speaking a new dialect. They are real, vital beings, exact protoypes of the simple and ruggedly honest country folk of that storehouse of American traditions—New England. Edward Saxon, who plays the central role of Hosea Howe, a part created and made famous by the late Sol Smith Russell, is a character comedian whose simple earnestness and mellow humor lend an air of indefinable charm to this production of the play. Among those in the supporting company is Carson Bradford, a wealthy young Southerner, who has made an emphatic hit in the leading juvenile role. The play has been mounted with great care and thoroughness. It will be seen at the Academy tonight. Also tomorrow night and at matinee tomorrow afternoon.

SESSION OF MAYOR'S COURT.

Disorderlies Get Terms on Roads and Farms—Trifling Cases.

Lizzie Carroll and her sister, Bessie Carroll, both colored, were the star defendants in police court yesterday. They were charged in two counts with disorderly conduct, and in a third with vagrancy. Bessie Carroll managed to escape all three charges, but her sister was not so fortunate. She was not guilty of two of the counts, but in one case of disorderly conduct she was taxed with $10 and costs. They were arrested Wednesday afternoon by Officer C. G. Jones, on a warrant sworn out by Mr. E. J. Lanier and other white residents in the vicinity of Eighth and Brunswick streets.

Julia Mumford, colored, charged with being drunk and disorderly, was not so fortunate as the other two women, and was given 30 days straight on the farm.

Ella Graham and a negro with the euphonius title of Monark Monk were charged with disorderly conduct in the southern part of the city. The woman was given 30 days on the farm and the negro a similar period on the county roads. Other cases yesterday were trifling in their character, consisting of the usual complement of drunks and the like.

Display State Flag.

Contractor K. W. Jewell is engaged in placing over the main body of the Court House building a new flagstaff from the top of which will be displayed this week the North Carolina State flag, recently purchased by the County Commisisoners in conformity to the Koonce law, enacted by the last Legislature, with a view of inspiring a greater respect and love for the Commonwealth. The flag is now draped behind the judge's desk in the Court House, but will be brought out and unfurled to the breezes as soon as the flagstaff is ready.

Children's Hour at Library.

Mrs. Hettie Fennell will entertain the children for their hour at the Public Library this afternoon and a large attendance of the little folks is expected. These little entertainments for the children are proving quite popular and instructive. Last Friday afternoon more than eighty were in attendance. This afternoon the attendance promises to be even larger.

CARRIED IT ALL TO THE SOUND.

Negroes Unduly Alarmed by Senseless Report Yesterday Morning.

The biggest joke in connection with the financial flurry, which, of course, has been confined to the North, occurred in Wilmington yesterday. An ignorant negro passing the Wilmington Savings and Trust Company, on Front street, saw the reversible aluminum sign that has been hanging on the glass door of the bank for months and bearing this legend, "Bank Open" and "Bank Closed," the one side or the other being turned for the convenience of depositors according as to whether it was banking hours or whether banking hours for the day were over.

The negro happened to pass that way before the opening at 9 o'clock and, of course, hanging on the door was the sign "Bank Closed." He hurried down to the compress, where a large number of negroes are employed, a few of whom are depositors in the savings bank, and at once the news was spread that the "bank was closed." As the word was passed from one to another, the story grew and one anxious, eager depositor who soon appeared at the cashier's window for his money, the bank having opened at 9 o'clock in the meantime, related that he had heard that a certain wealthy member of the Board of Directors in the bank had come up from the Sound and carried all the money in the bank back to the Sound in a big automobile. The excitement was confined entirely to the ignorant class of the negroes who couldn't get around the automobile story and the bank officials could not suppress a smile as they handed over the small deposits to the colored men who appeared in small numbers during the day and, of course, received all that was coming to them.

Later in the afternoon some of the depositors among the colored brethren who had been taken in by the blind ignorance of one of their number and realized how foolish they had been, returned to the bank and replaced their deposits there, not, however, without the loss by the withdrawal of their interest on the small sums for the remainder of the quarter.

OPENING OF HUNTING SEASON

Nimrods on the Move Thirs Morning for First Field Trials.

The open season for hunting the most desirable game in this section, especially quail, begins today and the early morning trains will carry hundreds of sportmen afield for a crack at the birds, which are said to be unusually plentiful this season. The livery stables noted an unusually large number of calls for the trains this morning and with the "friendly cop" on the beat more than one request was lodged to "wake me in time" for such and such a train. Others will travel from the city early today in private conveyances, but the most ardent gunners are going South and by Carolina Central to grounds more inviting and further removed from town. They will all be in tonight and the comparison of notes will be interesting. In a day or two birds will make their appearance at the markets and in the cafes. The season is on and gunners in this territory don't have to look up the almanac to inform them of the fact; they've been looking forward to it for many weeks.

WORK ON PANAMA CANAL.

Rock Foundation for Great Gatun Dam.

(By Wire to the Morning Star.)

Colon, Oct. 31.—New borings made over the entire area of the Gatun dam show that rock foundations are everywhere possible. All previous doubt on this point has thus been removed, and work on the designs for the lock gates and sluiceways is advancing steadily. New boring have been made also in the vicinity of the Pedro Miguel locks and dams and the excavation on the site of the lock there is proceeding rapidly.

Washington, Oct. 31.—One hundred and ten feet is the width which the Navy Department has finally fixed upon as desirable for the locks for the projected Panama canal. This is an increase of ten feet in width over the plans on which the Commission is now working.

BATTLE WITH THE INDIANS

Several Men Killed—May Be Red Men.

Washington, Oct. 31.—In a battle between United States troops and Indians, which occurred in southern Utah several days ago three persons were killed and another wounded, all believed to have been Indians. The news of the occurrence was conveyed to the Indian Bureau in a telegram from Superintendent Shelton, of the San Juan Agency, which though dated yesterday, was not received until today.

Pierre, S. D., Oct. 31.—Telephone messages from the Cheyenne agency tonight say that all is quiet there with the Utes. No trouble is expected.

The Presbyterian Synod of Tennessee of U. S. A., at Nashville yesterday devoted its last session principally to routine business. The synod will meet next year in Memphis. In an interview here Rev. William H. Roberts, moderator of the General Assembly of the Presbyterian Church, U. S. A., strongly advocated women ushers in churches.

SOCIAL PROBLEMS DISCUSSED.

National Purity Congress in Session at Battle Creek, Mich.

(By Wire to The Morning Star.)

Battle Creek, Mich., Oct. 31.—Rev. Father J. M. Cleary, of Minneapolis, vehemently assailed divorce and race suicide at tonight's session of the National Purity Congress, which opened its sessions at the Adventist Tabernacle here today.

Taking up the "quality, not the quantity" argument, ofen advanced in defense of small families, Father Cleary declared that quantity and quality in this relation were not antagonistic terms.

"The assumption that one or two children will be reared to be better men and women than ten to a dozen in a Christian home is wholly false," he said, "and cannot be supported by the test of experience. The mother who harbors the heart of a murderer, the woman who has slaughtered the helpless unborn babe, has smothered a mother love in her unnatural bosom." On the topic of divorce, Fathe Cleary said:

"The honor of woman is insecure in human society when the dread spectre of divorce casts a dark shadow on the Christian home. Under every conceivable pretext that depraved desire can suggest, the wife and mother who should be the most tender object of chivalrous devotion is set aside and degraded by the one individual, her husband, who should value his life but a beggarly price to pay in defense of her dignity and honor.

"The married state is the natural one for the majority of mankind. The church has never faltered in faithful defense of the holiness and inviolability of the marriage bond. But the church has praised virginity, for her divine founder exalted it by living a virginial life. The celibate state is neither impossible nor repugnant to human nature."

Mrs. Anna Sloan Walker, of Decatur, Ills., National chairman of the Woman's Prohibition Club, of America, also delivered an address at tonight's session. Mrs. Walker said that any fight against the saloon must be made through politics and protested against any attempt to govern and control the social evil by law. She said the Woman's Prohibition Club of America was working for a National liquor law, a National suffrage law and a National law against traffic in young girls. After a morning devoted to committee sessions behind closed doors, President B. S. Steadwell this afternoon called the Congress to order. Avoiding any lengthy address he recommended all work against the white slave traffic and suggested the addition of a chapter on purity to public school physiologies. Mr. Steadwell also favored teaching children sexual knowledge for self protection.

SCHOONER FOAM WAS SINKING.

Crew Taken Off Vessel Near Bodie Island.

(By Wire to The Morning Star.)

New York, Oct. 31.—Five seamen from the little Boston schooner Foam were brought here on the steamer Ossabaw, which arrived today from Brunswick, Ga. The men were taken off the Foam off Bodie Island, October 29, and the schooner, which was in a waterlogged conditions, was abandoned. The Foam left New York October 1 for Tarpon Bay. A series of heavy gales pounded and battered the little craft until her seams began to open and when the Ossabaw went to her assistance she was helpless. She was built in Noank, Conn., in 1863, and was of 64 tons burden.

CROKER'S HORSE BEATS KING'S

Won Dewhurst Plate—Odds Were Against Him.

(By Cable to the Morning Star.)

New Market, England, Oct 31.—Richard Croker's Rhodora, ridden by W. Bullock, won the Dewhurst plate here today, beating King Edward's Perrier which was second, and Baron de Forest's Little Goose which came in third. Nine horses started.

Rhodora, which was considered to be an outsider, started at 100 to 7 against him and won by two lengths. The betting against the favorite was 6 to 4.

The Dewhurst is of 300 sovereigns added to a sweepstake of 25 sovereigns each, for two year olds. Distance seven furlongs.

LIFE SENTENCE FOR PROF. HAU.

Noted Wife Murderer May Not Be Hanged.

(By Cable to the Morning Star.)

Karlsrhu, Oct. 31.—The Minister of Justice has been examining the evidence of Karl Hau, of Washington, D. C., professor of Biblical law in George Washington University, who recently was sentenced to death in this country for the murder of his mother-in-law Frau Moliter, and it is understood that he is about to recommend to the Grand Duke of Baden that the death sentence be commuted to life imprisonment. In the meanwhile Hau's attorney is continuing his efforts to obtain a new trial.

GIRL ASSASSIN HANGED

Short Shift for Murderess of General Maximoffsky.

(By Cable to the Morning Star.)

St. Petersburg, Oct. 31.—Mlle Ragozinnikova, who on October 28 killed General Maximoffsky, director of the department of prisons of the Ministry of the Interior, was hanged this morning.

During the funeral of General Maximoffsky today the police arrested two men armed with magazine pistols. It was believed that they intended to assassinate General Hazenkampf who signed Mlle Ragozinnikova's death warrant.

THE RUSSIAN DISASTER

Population of Town Did Not Exceed 5,000—Relief.

(By Cable to the Morning Star.)

St. Petersburg, Oct 31.—No further confirmation has been received here regarding the disaster at Karatagh, in the province of Bokhara. A dispatch from Tashkend today says that the local population did not exceed 5,000 as a rule, though the number of inhabitants was somewhat larger in the Summer in Karatagh as it is frequented as a pleasure resort by the people of Hissar.

The Russian government is taking no steps to send a relief expedition to Karatagh. To do so would be contrary to the Russian policy of noninterference in the international affairs of Bokhara, and it would involve also a journey over 500 miles through the mountains from the nearest Russian point. It is not known here what steps the Bokharan government is taking to send in relief but it would appear to be acting within the usual and characteristic fatalism and procrastination.

Newspaper correspondents at Samarkand, Tashkrent, Bokhara and Kokhand have not yet been able to supply further details of the disaster.

MILLION AND HALF FOR TOBACCO

Big Deal by Which Gold Will Be Brought Here.

(By Wire to The Morning Star.)

Henderson, Ky., Oct. 31.—By a deal consummated here today, the Imperial Tobacco Company purchased the entire 1907 tobacco crop pledged to the American Society of Equity in Henderson, Ky., Webster, Hopkins and Crittenden counties. The deal involves sixteen million pounds of tobacco and will bring one and a half million dollars of English money to the farmers of this section. The price paid was that demanded by the farmers, and is the highest ever paid here with the exception of the war price. The deal was consummated by Stokes Taylor, chairman of the Board of Directors of the Stemming District Tobacco Association and Edward Hodge, manager of the Imperial Company. Negotiations have been on for more than a week. Equity factories and employes are taken over by the Imperial Company and will be continued in service. Deliveries will begin as soon as the tobacco is in order. The gold will be shipped from England at once.

TO SEARCH FOR MISSING SHIP.

Captain and Crew of Arthur Sewall May Need Assistance.

(By Wire to the Morning Star.)

Newport News, Va., Oct. 31.—Several of the masters of American vessels that are lying in this harbor who are friends of Captain Burt Gaffery, master of the full rigged ship Arthur Sewall, now 220 days out from Philadelphia for Seattle, Washington, will tomorrow ask Secretary of the Navy Metcalf to immediately institute a search for the missing ship. The skippers fear that the four-masted ship recently reported to be sunk between Cape Pilar and Cape Horn is the Sewall and they will request that the government dispatch the armored cruisers Tennessee and Washington now near Rio Janeiro and en route to San Francisco to the scene of the wreck and if possible find some traces of the crew of the sunken vessel. The crew is known to have landed in Patagonia, a part of which is inhabited by cannibals.

PROHIBITION IN TENNESSEE.

Hundreds of Saloons in Knoxville and Bristol Closed.

(By Wire to the Morning Star.)

Bristol, Tenn., Oct. 31.—The last of the 25 saloons which Bristol had only a few months ago will be closed tonight when thirteen more establishments will go out of existence. The saloons were voted out of Bristol a few months ago. All trains have been crowded with passengers from east Tennessee and southwest Virginia, and hundreds of persons have carried packages of whiskey, while daily shipments have crowded the express cars.

Knoxville, Tenn., Oct. 31.—More than 100 saloons in Knoxville closed tonight as a result of the application of the Pendleton law by which cities of Tennessee can reincorporate without having the saloon. The city is quiet and whiskies are being sold at any price. The people voted on the law by special legislative enactment last March.

WESTON WALKING ON TIME.

Veteran Making Good On His Trip to Chicago.

(By Wire to the Morning Star.)

Boston, Oct. 31.—Edward Payson Weston, who is walking from Portland, Maine, to Chicago, repeating the trip he made forty years ago, arrived here at 5:20 o'clock tonight forty minutes ahead of his schedule time. He walked from Newburyport, a distance of forty-two miles, in exactly 11 hours today. Weston went to bed immediately upon reaching his hotel and rested three hours before completing the day's journey, which was to land in Diedham for the night.

Dedham, Mass., Oct. 31.—Edward Payson Weston, who is tramping from Portland, Me., to Chicago, arrived here at 11:03 tonight having covered the nine miles from Boston in two hours and forty-three minutes. Weston will spend the night here.

TO ISSUE CASHIERS CHECKS

Plan to Meet Big Pay Rolls at Birmingham.

(By Wire to The Morning Star.)

Birmingham, Ala., Oct. 31.—After a conference of the Tennessee Company the Sloss-Sheffield Company and other iron corporations and the Birmingham banks, it was decided today to meet the November pay rolls with bank cashiers' checks drawn on New York, for various amounts ranging from $5 up. The corporation deposits are made up mostly of New York exchange on which cash is not available for shipment at this time. This action, it is thought, will greatly relieve the local monetary situation.

At Columbus, O., shortly past midnight, Royal Fowler, of Dayton, who killed his sweetheart, Mary Hagerty, more than a year ago, was electrocuted in the annex at the Ohio penitentiary. Fowler maintained the stoical indifference which marked his conduct during imprisonment, to the very last.

President Winston, of the North Carolina A. & M. College, at Raleigh, yesterday withdrew the permission he had given for free for fall fighting between the Sophomore and Freshman classes. He says the two already had gone beyond the limits and were of no value in stopping hazing. The cadets express themselves as pleased that a stop has been put to the scrimmages.

BANK FAILURE IN TEXAS.

Closed Because of Money Tightness. Will Resume.

(By Wire to the Morning Star.)

San Antonio, Oct. 31.—The West Texas Bank and Trust Company, of this city, closed its doors under a temporay suspension today and is now in the hands of the State Commissioner of Insurance and Banking. The cause of the suspension is attributed to the tightness of the money market. According to G. B. Moore, president, the West Texas Bank and Trust Company will soon be in condition to resume business. The last official statement of the bank had a capital stock of $200,000 and deposits of $1,625,240.

ARMENIAN GUILTY OF MURDER.

Killed Rug Merchant for Refusing Money for Anarchists.

(By Wire to The Morning Star.)

New York, Oct. 31.—Bedros Hampartjoomian, an Armenian, was today convicted of murder in the first degree for killing Hovhanes Tavshanjian, a rug merchant, July 22. Sentence was postponed. Hampartjoomian had made several attempts to force his victim to contribute to the Hunkakist society, an Armenian organization, and when this failed shot and killed him in the street.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

GREAT OPENING VALUES

The season's best exposition of real fur values ready for you tomorrow. Scores of surprises will mark this opening—values on which we can safely stake our reputation. Our furs come direct from makers who know their business—every detail of it—perfectly. All grades of furs—but all dependable and all worth more than our asking. Whether your present needs justify a purchase or not—you will certainly be pleased and profited by the visit. Come and see them.

What's the Use

of paying more for an article through prejudice, than you can buy for less, that's just as good?

Take Whiskey, for Instance.

We make but one charge—just for whiskey—that's all. When you pay more than we ask for our whiskey you are being taxed for something else besides the whiskey.

Now "WHAT'S THE USE" of you paying an excess to anybody for imaginary superiority—when we have the same goods, but are content through immense volumes of sales, to break even on profits—instead of "hikeing up" the price beyond the point of giving you value received.

"CHESTERFIELD" products are "AS GOOD AS THE BEST FOR LESS." That's the reason "CHESTERFIELD" Whiskies are popular.

"CHESTERFIELD NEVER DISAPPOINTS." Full quart $1.00. TRY IT.

SPIRITS TURPENTINE

—Greensboro, Oct. 30.—The Carolina Asbestos Manufacturing Company is the name of a new enterprise which has been formed in Greensboro by Mr. R. G. Sloan and others, the capital stock being $25,000. The plant will be located just outside of the city limits.

—Newbern, N. C., Oct. 30.—A letter from the Treasury Department to Congressman Thomas announces that the Pamlico, the new revenue cutter built for service in Eastern Carolina waters, will arrive here Monday. The vessel is now at Norfolk under the command of Captain R. O. Crisp.

—Hamlet, Oct. 30.—There is to be a new loan insurance and real estate company organized here as soon as the details can be arranged. The whole capital stock has been subscribed and as soon as the proper man can be had to manage it the concern will be launched.

—Kenansville News: The News deeply regrets to hear of the death of Mr. Lyman P. Newbury, the only brother of Mr. Henry E. Newbury, of Magnolia, which took place at his home in East Haddam, Connectiut, two weeks ago. Mr. Newbury was 67 years of age and a man of prominence in his State.

—Raleigh News and Observer, Oct. 31.—Mollie, the well known maid at the Union Depot, said she swept up and weighed 12 1-2 pounds of wedding rice off the waiting room floor yesterday morning and there was a great deal that she did not weigh. That was some rice for the celebration of the departure of two bridal parties.

—High Point, Oct. 30.—Subscription is being solicited for a yarn mill for High Point, and although the nterested party has only been out one day nearly all the stock of a capitalization of $75,000 has been subscribed. It is believed such a mill will pay handsomely here. The various hosiery and knitting mills in the city will consume a big part of the output.

—Hamlet, Oct. 30.—Rev. S. E. Mercer, representing the Carolina Methodist College at Maxton, spent Sunday here, preaching at the Methodist church Sunday morning. He reports that the college is coming, and he hopes to be able to lay the cornerstone the last of next month. Mr. Mercer says that the Maxton college will be the finest college building in the South. He is very optimistic concerning the future of the institution.

—Hamlet, Oct. 30.—This place is to have a new water works plant, which will be in operation early in the spring. Messrs. W. R. Bonsal and J. M. Jamison are the promoters, which is a guarantee of its success. They have purchased a large tract of land about three miles north of here through which runs a stream of water which never runs dry and from this source and by the aid of several deep wells they will be able to furnish the place with all the water for manufacturing and domestic purposes as well as the Seaboard, with whom they already have a contract to furnish water. This is an enterprise that the place has long been in need of, and our people will hail with pleasure the advent of the new water works.

—Hamlet, Oct. 30.—At the morning service at the Presbyterian church Sunday morning, Rev. L. W. Curtis, who had been pastor for more than a year, tendered his resignation. A congregational meeting will be held tonight to take action upon the same. If the congregation concurs the probabilities are that the pastoral relations will be dissolved at a called session of the Fayetteville Presbytery, which will be held at Sanford, Thursday, of this week, and Mr. Curtis will immediately enter upon his new work as evangelist for the Presbytery, which embraces the counties of Richmond, Scotland, Robeson, Cumberland, Harnett, Lee, Chatham and Moore. Mr. Curtis and his family will continue to reside here for the present but the probabilities are that they will move to Red Springs in the spring. Mr. Curtis has many friends who regret that he is to leave the church here, but the call was very strong and the work important.

—Monroe, N. C., Oct. 30.—For some time past refrigerator cars on the Seaboard Air Line Railroad at Monroe have been broken into and robbed of part of their contents, especially of whiskey and beer. All efforts to fix upon the guilty parties were unavailing until Chief Laney took a hand in the business about a week ago. He has been watching the suspected parties night and day during the last week and, having notified, Railroad Detectives Newman and Moore of the results of his investigations and findings the latter officers came on and joined with the chief in arresting J. B. Davenport, yardmaster; James Haynes, yard conductor; Fish Matthews, fireman, and two negro brakeman on the switch train, Munsey Richardson and Randolph Long. The charge on which these men were arrested is the larceny of a half-barrel of bottle beer from the railroad company, and the officers assert that portions of the stolen property were found in the possession of each of the arrested men. The negroes have made a clean breast of it to the officers, and there seems no doubt that the right men have been taken into custody.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by R. R. Bellamy, druggist. 50c.

NEW YORK STOCK MARKET.

(By Wire to The Morning Star.)

New York, Oct. 31.—The halt in the advance of prices in the early part of the day was regarded as a normal note of caution. Too rapid a re-establishment of ordinary trading conditions in the stock market would be considered as endangering the progress of recuperation in the general situation and especially as hazarding the solidity of the recuperation of the stock market itself.

The easing money rate at the Stock Exchange cannot yet be accepted as indicative of any entirely free open market rate, brokers being restricted to their own bankers for securing accommodations and subject to the requirements there insisted upon.

Satisfaction was felt with the reports of the quick response amongst the National banks to the offer of increased facilities for taking out bank notes afforded by the Comptroller of the Currency, agreeing to accept other bonds for government bonds as security for government deposits, provided use is made of the withdrawn bonds for securing new circulation. The movement of all kinds of traffic continues very large and any obstacles to its continuance would retard the relief of the situation through the marketing of these commodities abroad. Outright buying of securities for investment in small lots is actively pursued, but this movement also is hampered by the tying up of facilities.

Bonds showed the effect of forced liquidation at some points, as well as stocks. There was a sprinkling of advances amongst them. Total sales, par value, $3,004,000. Total sales of stocks today, 588,900 shares.

THE COTTON MARKET

(By Wire to The Morning Star.)

New York, Oct. 31.—The cotton market had a sharp advance early today but lost the gain, closing steady net 1 point lower to 3 points higher. Sales were estimated at 400,000 bales.

The market opened steady at a net advance of 7 to 18 points and after some little irregularity during the early session worked up to a net gain of 22 to 28 points on covering and bull support. Reports that a leading English crop authority would issue an estimate of only 11,100,000 bales for this season's crop of America were prominent factors on the advance, in addition to which the market was influenced by the higher cables and reports of a better foreign demand for actual cotton. The advance carried to 10.71 and March to 10.42 or about 60 to 75 points above the low level reached on last Tuesday and around these figures offerings increased on rumors that it was proposed to buy cotton in some sections of the eastern belt to bring it here for delivery on December contracts at a slight profit. Some of the local spot dealers denied this later in the day, but the reports caused the decline during the afternoon to the lowest on the later months.

Receipts at the ports today, 60,291 bales, against 41,852 last week and 53,741 last year. For the week, 350,000 bales, against 321,615 last week and 480,794 last year. Today's receipts at New Orleans, 16,396 bales, against 7,461 last year.

Spot cotton closed steady; middling uplands, 10.90; middling Gulf, 11.15; sales, 6,300 bales. Futures opened firm and closed steady.

CURRENCY NEEDED TO MOVE COTTON

Sales at New Orleans Improved But Exports Are Seriously Hampered.

PLAN FOR RELIEF SUGGESTED

Secretary of Treasury Disapproves of One Made by New Orleans Bankers to Secure Foreign Exchange.—National Bank.

(By Wire to The Morning Star.)

New Orleans, Oct. 31.—Sales of cotton improved here today. A local exporter inquired whether he could obtain currency from the New Orleans sub-treasury by having an European buyer deposit cash with a United States fiscal agent abroad, this cash to be drawn against New Orleans. The amonut to be transferred in this manner was $100,000. In reply to his telegram of inquiry the United States Treasury Department wired that the transfer could not be made.

Believing that there was a misunderstanding, New Orleans exporters tonight sent a detailed explanation of the transfer proposition to Secretary Cortelyou. One of the reasons for requesting such transfer of cash was indicated in today's cotton sales. Some 4,150 bales were sold here on the spot, but only a small business was done with rural districts where the bulk of cotton lies. The smallness of this rural business was attributed to the planters' desire for cash for their cotton.

Plans for Relief.

Washington, Oct. 31.—Treasury officials are agreeably surprised at the number of banks throughout the country which have already indicated their purpose to comply with the suggestion of Comptroller of the Currency Ridgley that additional circulation be taken out. Although the suggestion was made only yesterday afternoon, a large number of telegrams were received at the Department as early as 9 o'clock this morning, asking for additional circulation varying in amount from a few thousand dollars to two millions.

Sol. Wexley, vice president of the Whitney Central National Bank, of New Orleans, who, with other prominent New Orleans bankers, have had a number of conferences with Secretary Cortelyou in an effort to devise a plan by which cotton exporters could get prompt cash returns from cotton shipments today, said:

"The present situation can be relieved in but two ways: First by the restoration of confidence and the return of money which has been withdrawn from banks in the East during the recent panic.

"Second, by the rapid export of our cotton, wheat, provisions and other products to create a balance of trade in our favor and make importation of gold in large quantities possible.

"The prompt and wise action of Secretary Cortelyou, aided by Mr. Morgan and other prominent New York bankers, has gone very far toward restoring confidence and money is again being re-deposited in the strong institutions of the country.

"The second situation is more difficult of solution owing to the necessary delay in transmitting bills of exchange to Europe and the time required for the purchase and shipment of the gold to this country. Southern banks are doing their part by largely increasing their circulation with the assistance of the comptroller and the Secretary of the Treasury, which will enable them to forward their foreign bills to New York without requiring currency for the entire amount. New York can, in turn, as soon as these bills reach the other side import gold and then transmit currency in quantities throughout the agricultural sections of the country.

"Some effort is being made by large cotton houses to have their foreign correspondents deposit funds in foreign banks subject to cable transfer against advice of documents deposited in Southern banks with cotton bills of lading attached to come forward immediately, but, in my opinion, this transaction will not be made on an extensive scale. However, willing the Secretary of the Treasury may be to assist the exports of agricultural products and the importation of gold, I do not believe that there is any thing that he can do that is practical and within the law until such time as Treasury balances have been increased to an extent to enable him to make large deposits of government funds in export points, such as New Orleans, Galveston, and Charleston, so as to enable banks in these centres to await the arrival of their bills in Europe and the bringing back of gold against them.

"New York can assist the Southern banks by crediting their accounts daily upon receipt of telegraphic information of the amount of checks on foreign banks forward, thereby enabling the Southern banks to check against such balances in payment of collections and weekly remittance accounts to interior banks throughout the country, such transactions requiring no currency under existing conditions and merely bridging over the three or four days time required while the foreign exchange is in transit in this country. There can be no permanent cure for the constantly recurring scarcity of currency at this season of the year until there has been a decided reform of our currency system, either by adoption of the bill proposed by the currency commission of the American Bankers' Association or by the establishment, under proper safeguards, against politics and partisanship of a central reserve bank."

NO TRACE OF ACTOR HITCHCOCK

Mysteriously Disappeared After Being Indicted For Assaulting Three Young Girls.

HAD DENIED THE CHARGES

His Friends Believe He Has Been Kidnapped and Murdered by Blackmailers—Others Think He Committed Suicide.

(By Wire to The Morning Star.)

New York, Oct. 31.—The disappearance of Raymond Hitchcock, following his indictment by the grand jury, which had heard the stories of three little girls, was the absorbing topic today on Broadway, where those who had known the star intimately during his ten years on the stage, advanced half a dozen theories in explanation of his default.

The actor's closest friends, who have energetically defended his name since he became involved in trouble, are divided in opinion. Many insisted today that, driven desperate by serious accusations, he had committed suicide. Others were satisfied that he had been spirited away and possibly murdered by men who had practiced blackmail on the comedian and who feared exposure if the case against their victim came to trial.

This theory was voiced by Herman Fromme, the missing man's attorney, and by Mrs. Hitchcock, who before marriage was Seabelle Mangasarian, of Chicago. Mrs. Hitchcock, though near collapse through worry, has continued to play opposite her husband's understudy at the theatre where both were engaged until yesterday, when Hitchcock failed to appear at the matinee.

Mr. Fromme said:

"Hitchcock did not go away of his own accord. He has been either kidnapped or murdered by the band of blackmailers by whom he has been annoyed, threatened and hounded for the last two years. Six of these dozen men are known by name to me. Mr. Hitchcock has lived in a state of continual terror on account of their persecutions for two years. Nevertheless, he has not left his wife voluntarily. He is an innocent man and there is no proof against him that there is the slightest foundations for the accusations made. Four men have been trailing him for months. Now it turns out that they are blackmailers. Last Monday Mr. Hitchcock was anxious to have this entire matter aired in court, but an adjournment prevented this. The case was called for this afternoon. It is believed that he is the victim of the blackmailers who are not anxious to have the case thrashed out."

While these stories gained some credence, the police did not relax their efforts to locate Hitchcock, which began when a police alarm for his arrest was sent out last night. All outgoing steamers were visited and their passenger lists scrutinized. A wireless message was sent to the Majestic, which sailed yesterday. The detectives also watched the train stations but late tonight their vigilance had not been rewarded. District Attorney Jerome tonight sent two detectives to Boston. This action probably grew out of the statement by a railroad conductor who thought he had Hitchcock as a passenger from this city to North Adams yesterday.

This conductor, G. B. Keeler, returned to New York tonight. His train picked up, he said tonight, three men passengers at 125th street yesterday. In one of the three he thought he recognized Hitchcock. He was not positive of the identification. He had, however, seen Hitchcock on the stage and for the moment did not doubt that the comedian and his passenger were one and the same. At North Adams train connection can be made for Boston or Troy.

Some of Hitchcock's acquaintances think it likely that he has sought seclusion where undisturbed for a few days he can think over his predicament and decide upon a course of action.

Hitchcock's troubles have assumed several phases. He first caused the arrest of a boy who, he alleged, had attempted to blackmail him. Disclosures in the case led to Hitchcock's arrest and he was arraigned Monday. The case went over until today and he was released on $3,000 bail. Meantime the grand jury returned six indictments against the actor, some of them charging criminal assault and abduction. When the original case was called today and the defendant failed to appear, his counsel asked that the case be continued for one week. The district attorney's assistant made no objection, and the magistrates set the hearing for next Wednesday afternoon.

Not Spotted in New England.

Boston, Mass., Oct. 31.—Up to a late hour tonight Raymond Hitchcock the comedian wanted in New York on charges of assault, had not been located at any New England point. The Boston police say they have received no request to apprehend Hitchcock.

MONEY SUPPLY ALL IMPORTANT

Panic Will Disappear With Currency to Move Cotton and Wheat Crop.

WILL CAUSE INFLOW OF GOLD

National Banks Will Increase Their Note Issues Many Million Dollars. New Orleans Plan Will Bring Gold from Europe.

(By Wire to The Morning Star.)

New York, Oct. 31.—Indications that the available supply of currency would be materially increased within a short time, both by imports of gold and the increase of the bank note circulation, and the movement of cotton and grain crops would be facilitated in every way possible with the result of increasing our credits abroad, were the salient features in today's financial situation which seemed to be recognized everywhere that the acute stage of the crisis was over, and that all that remained was to obtain sufficient currency to resume currency payments upon a broad scale and thus to restore conditions prevailing before the crisis. The engagements of gold made in New York, Chicago and elsewhere brought up the total import movement within the past week to $23,750,000. As the amount of gold will afford a basis of credit to four times the amount, or about $95,000,000, it will in itself afford much relief to existing pressure.

The action of the Bank of England in raising its discount rate from four and a half to five per cent. was in accordance with expectations in conservative circles. The fact that the increase was not made to 6 per cent., and that the English rate remains 1 per cent. below the German, is expressed as an indication that the situation at London is not considered acute.

The prompt response of the National banks throughout the country to the suggestion of Comptroller Ridgeley that they should employ their United States bonds as largely as possible to secure circulation and substitute other bonds for those pledged against deposits of public money, promises a considerable increase in the available stock of currency. The estimate of an increase in the bank-note circulation of $30,000,000 is considered well within the probabilities. It will require time, however, in some cases, for the banks to obtain proper bonds to substitute for their United States bonds.

Mr. Vanderlip, vice president of the National City Bank, made the fruitful suggestion today that the savings banks would at once improve the general situation and add to their cash if they would sell their holdings of United States bonds to the National banks. Even in cases where they do not care to sell, it is believed that they will lend the bonds to the National banks as has often been done in the past.

Interest is continuing to centre in the movement of the cotton crop from New Orleans and other Southern points, where it is so esesntial to provide bills against the imports of gold. Secretary Cortelyou, according to Washington dispatches today, was disposed to increase deposits of public funds in the Southern banks as rapidly as such funds became available. This will supply the banks with the stock of currency so much needed to handle the cotton crop and will enable them to await with less embarrassment than otherwise the arival of their cotton bills in Europe and the bringing back of the gold.

"The committee of New Orleans bankers, which is in Washington, has suggested that the New York banks can ease the situation by giving the Southern banks credit for checks on foreign banks forwarded as son as they receive telegraphic advices of the amounts. This will enable the Southern banks to check against such balances in payment of collections and remittances to interior banks throughout the country."

It is noted with interest by leading bankers here that the present scarcity of currency and the recourse which had been had to the National bank circulation are arousing unusual interest in the plan for currency reform which has been endorsed by the American Bankers' Association. This plan was adopted in December of last year, after consultation with representatives of the New York Chamber of Commerce, and was presented to Congress at that time. The plan did not receive the definite approval of the American Bankers' Association, however, until the meeting in Atlantic City in September last, but at that time it was endorsed by a nearly unanimous vote, after strong arcuments in its favor by A. Barton Hepburn, president of the Chase National Bank of New York, and Representative Charles N. Fowler, chairman of the House Committee on Banking. The committee which framed the measure was continued with authority to take further action. It has not held a meeting since the convention at Atlantic City, but some of the Western members are strongly desirous that such a meeting be called at an early date, in order to bring the subject properly before Congress while public opinion is aroused on the subject.

NEW YORK RAILWAY COMBINE.

One Road's Lease of Another Allowed to Lapse.

(By Wire to The Morning Star.)

New York, Oct. 31.—Acting in conformity with the instructions of the court, Adrian H. Joline and Douglass Robinson, receivers of the New York City Railway, today made no attempt to pay the rental due from the Metropolitan to the Third Avenue Railroad. Under the terms of the lease this will act as a default and divorce ultimately the two systems, as the stockholders of the Third Avenue system will undoubtedly proceed to take control of their property. It is said that a foreclosure of the corporation's outstanding bonds will follow, which will bring about a complete re-organization of the Third Avenue Road. It is understood that the receivers found the Third Avenue, the last line to be acquired by the Metropolitan before its lease to the New York City Railway Company, so loaded by outstanding debentures that they determined to throw up the lease rather than pay the heavy fixed charges. Under the terms of the lease the stockholders will not be able to begin action to recover possession of their property until six months after the default in the payment of the rental.

CONFESSED TO WIFE MURDER.

Was to Have Killed Himself But His Heart Failed.

(By Wire to The Morning Star.)

New York, Oct. 31.—After being convicted of manslaughter in the first degree, in aiding and abetting his wife to commit suicide, James Wardell, 24 years old, confessed today in the Court of General Sessions that he deliberately killed his wife. After he had killed her, he said, he fired a bullet into her dead body to give the impression that she had ended her own life with a revolver.

When Wardell was tried last week he said that his wife had committed suicide. When he was taken before the court today for sentence, however, Wardell through his attorney made a complete confession. His mind had become completely upset by his wife's misdoings, he said, and when she suggested that they die together he readily agreed. He placed the gas tube in his wife's mouth, turned on the gas and when she was dead his courage failed and he dared not end his own life. Then he thought to shield himself by firing a shot into her brain to make it appear that she had commited suicide.

NO BURLEY TOBACCO NEXT YEAR

Growers Unanimously Agree to Curtail Production.

(By Wire to the Morning Star.)

Shelbyville, Ky., Oct. 31.—The National Tobacco Growers' Association late today unanimously adopted resolutions declaring against the raising of a crop of burley tobacco next year, thereby setting at rest all doubt as to the attitude of the National Association on this matter.

It was pointed out that while there is an over-supply of tobacco in the burley district there a scarcity of the weed in the dark districts and non-production would do no good there. The same is true of the various other parts of the country to such an extent that unanimity on the part of the members of the National Tobacco Growers' Association could be secured on the non-production plan and the project would be a failure as a National movement. As the situation now stands, without prospect of a change, the only non-producing district will be the burley district, comprising more than thirty counties in Kentucky, a few in Indiana and one or two in Ohio.

HARRY THAW'S NEXT TRIAL.

Will Not Plead Insanity as Rumor Says.

(By Wire to the Morning Star.)

Pittsburg, Oct. 31.—That Harry K. Thaw will make a plea of insanity when his second trial is called in December at New York, is not believed by persons in this city connected with the case. Roger Omara, the Pittsburg detective, returned from New York today, where he has been working in the interest of Thaw. Concerning the report that insanity would be pleaded, he said:

"I know there is to be no change in the policy of the defense of Thaw at the coming trial, fixed for the first Monday in December. I know also there is no intention to attempt to show that Thaw is insane now or has been insane since the shooting of White. There will be no change in the defense, which will be that Thaw was insane when he shot White and the case is being prepared along that line."

DR. GILLETTE'S CONVICTION.

Former Insurance Vice President Wants to Avoid Penitentiary.

(By Wire to The Morning Star.)

New York, Oct. 31.—Dr. Walter R. Gillette, former vice president of the Mutual Life Insurance Company, who was sentenced to six months imprisonment for perjury before a grand jury, was released on bail this afternoon. Justice Dowling today granted a certificate of reasonable doubt which permits an apepal to be made to a higher court of a new trial. Pending this appeal, bail was fixed at $15,000.

Four hundred bankers representing the Oklahoma and Indian Territory Banking Association met at Guthrie Wednesday and agreed upon a plan to re-open all banks next week.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for the rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by R. R. Bellamy, druggist. 50c and $1.00. Trial bottle free.
